Petitioner - Gulka sabi
of Mysore.

The Petitioner is a sepoy
of His Palace Establishment.
In June 1892 he com-
plained to His Amildar
(1) that he had recently
learnt that a portion
of his garden land, Sur
No. 227 of the Mar-
gondanahalli village
had been owing the
survey treated as
Kharab & included
in the bed of the village
tank.
(2) that owing to
want of time he
had been prevented
from obtaining redress

(3) & that he should
be given the three
Cart-loads of Gobli
wood felled & removed
from the land by
the Daroga of Cole's
garden

The Bundobast after
obtaining a report
from the Thekdar in-
formed the Petitioner
that the trees could
not be given, as the
survey measurement
took place in 1886
& the settlement in
1888 and the portion
of the land must have
been included in the
bed of the tank at
the time of putting
up bunds & that
the Petnr could have then
objected to the land
in his enjoyment
being included in
the bed of the tank.

The Petnr next
complained

The appeal is against the above order.

The appellant represents

(1) that 4 acres + 20 guntas of land have been included in the bed of the tank.

(2) That he (a sepoy) was not aware of what the Survey Dept: had done & that he is in the enjoyment of the land even now.

(3) That he was not prevented from cultivating the por- tion included in the tank bed & no record made of such cultivation

(4) & That he is prepared to pay Kandayam

the Date of settlement

The reason assigned by the Dy Com is — that the Petitioner failed to prefer an appeal within 2 years from the Date of the survey settlement & that he could have complained when the bounds were put up.

In reply to the enquiry made as per order dated 22nd April 1893, the Dr/Commr states that there is no objection to so much of the land as contains trees being separated and given over to Petitioner on assessment.

The remarks on papers submitted by the Dr/Commr are :—

(1) that the extent of Petitioner's land included in the bed of the tank is 4a - 3g,

(2) that there are 43 trees standing on the land, and traces of 11 trees cut off, and of plantain plantation.

(3) that the land is enclosed by a bank which is now in good condition,

(4) that the railway line runs on the bund of the tank in question, and the Railway authorities, to prevent danger, drain away the water of the tank through the sluice ~~##~~ leaving nothing to remain in it.

(5) that Petitioner has been in possession and enjoyment of the land ever since he purchased it,

(6) that according to the Mahajan of villages there is no risk to the tank or inconvenience to anybody if Petr is allowed to cultivate the land

(7) that the estimated value of the land is 500 or 600 Rupees.

To

The Chief Secretary to the Dewan of Mysore,

SIR,

With reference to your official memo No 559 dated 2nd Instant, forwarding for submission of Proceedings with a report petition received from Gulkhan Sabi Sepoy Mandy Mohala Mysore, I have the honor to submit the proceedings called for in the above, and to state that the petitioner appears to have had some garden lands in the village of Mavgowdanhally in the Mysore Taluk, a portion of which — was deducted from his holding and added on to the bed of the village tank and treated as "Kharab".

The petitioner who kept quiet for 6 years after the Survey settlement of the Taluk, now urges that he came to know of the action of the Survey Department only recently.

On the 18th June last he presented a petition

to the Taluk explaining his ignorence of the fact and praying that an enquiry may be instituted as to the removal of two cart loads of gobli trees which stood on the land in question, by the Daroga of the Cole's garden close by.

Enquiry was accordingly held by the Amildar & an endorsement was also issued to the petitioner, whereupon the petitioner complained to my office and on perusal of the papers, I found that his complaint was timebarred and gave an endorsement accordingly.

The petition received with the above is herewith resubmitted with its enclosure.
